# New „WissTecMed\*Lit“-Plattform

- Created and hosted by Bayerische Staatsbibliothek (Bavarian State Library)
- New tool for collecting the publications for the current and following reports
- Link:  
<https://zeptools.bsb-muenchen.de/uct/#/wtml>
- Entries started in June; further functions are to be implemented e.g. a searching tool and the function to generate publication lists.

The screenshot shows a web browser window with the URL <https://zeptools.bsb-muenchen.de/uct/#/wtml>. The page title is "WissTecMed\*Lit: Titel beitragen". Below the title is a horizontal line. The main heading is "Publikation melden" with the instruction "Bitte wählen Sie den Medientyp, um mit dem Eintragen der Metadaten zu beginnen." Below this are five radio button options for publication types: "Buch/Monographie/Sammelband", "Aufsatz/Artikel in einer Zeitschrift", "Beitrag/Aufsatz in einem Sammelband; unselbstständige Publikationen", "Serie/Reihe", and "E-Dokument/Internetdokument/Onlinepublikation". At the bottom, there is a contact email: "Kontakt für Rückfragen: pharmgesch-wisstecmed@tu-braunschweig.de".
