Contents

Preface: Timekeeping, Navigation, Surveying – Cultural Astronomy and Instruments <i>Gudrun Wolfschmidt</i>	10
Welcome to Hamburg – Gateway to the World <i>Gudrun Wolfschmidt</i>	11
1 Stone Age until the Eneolithic	13
Stellar Signposts: Upper Paleolithic Hunter-Gatherers Watched the Pleiades – Evidence, Context, and Purpose <i>Michael A. Rappenglück (Gilching, Germany)</i>	14
1.1.1 Introduction	14
1.1.2 Bibliography	14
The Dolmen of Santa Inés and its illumination phenomena <i>A. César González-García (Santiago de Compostela); Francisco Javier Gutiérrez López (Madrid) & Raúl Martín Vela (Bernardos, Spain)</i>	15
1.2.1 Introduction	15
1.2.2 Bibliography	15
Early Neolithic Lunar Observations at Stonehenge <i>Göran Henriksson (Uppsala, Sweden)</i>	16
1.3.1 Introduction	16
1.3.2 Bibliography	16
Archaeoacoustic studies of the Eneolithic calendar gallery in the Magura cave, Rabisha village, Bulgaria <i>Penka Maglova, Mina Spasova, Ognyan Ognyanov & Alexey Stoev (Sofia, Bulgaria)</i>	17
1.4.1 Introduction	17
1.4.2 Bibliography	17
Dualism in the sacred territories of rock sanctuaries in the Western Rhodopes, related to astronomical practices in the Eneolithic <i>Alexey Stoev, Hristina Valchanova, Mina Spasova & Penka Maglova (Sofia, Bulgaria)</i>	18
1.5.1 Introduction	18
1.5.2 Bibliography	18
Humans and the Cosmos: From the World Cave to the Big Bang – Anthropology, Ecospheres, and Cultural Cosmologies <i>Michael A. Rappenglück (Gilching, Germany)</i>	19
1.6.1 Introduction	19
1.6.2 Bibliography	19
2 Ancient Cultures – From Egypt to the Romans	21

Time and Timekeeping in Ancient Egypt	
<i>Rita Gautschy (Basel, Switzerland)</i>	22
2.1.1 Introduction	22
2.1.2 Bibliography	22
Possible Egyptian influences in the orientations of the Minoan palace of Phaistos	
<i>Marianna Ridderstad (Helsinki, Finland)</i>	23
2.2.1 Introduction	23
2.2.2 Bibliography	23
Kangelisses – Lakithra: a Winter Solstice Alignment Leads to a Discovery of a Bronze Age Site in Kefalonia, Greece	
<i>Konstantin Kokkolis (Kefalonia, Greece)</i>	24
2.3.1 Introduction	24
2.3.2 Bibliography	24
Orientation of sanctuaries and public spaces in the Centre Region (Turones, Carnutes, and Bituriges) from the Gallic to the Augustan period: a key to locating the Caesarian Locus Consecratus?	
<i>Romain Ravignot (Paris, France & Santiago de Compostela, Spain)</i>	25
2.4.1 Introduction	25
2.4.2 Bibliography	25
Time, society, and vernacular arithmetic in democratic Athens	
<i>Marco V. García Quintela & A. César González García (Santiago de Compostela, Spain)</i>	26
2.5.1 Introduction	26
2.5.2 Bibliography	26
The water clock discovered in the Frankfurt Rhine: highlighting an entangled temporality	
<i>Romain Ravignot (Paris, France & Santiago de Compostela, Spain)</i>	27
2.6.1 Introduction	27
2.6.2 Bibliography	27
 3 Non-European Cultures and Ethnoastronomy	 29
Searching for the Most Widespread and Old Skylores	
<i>Marc Thuillard (St-Blaise, Switzerland)</i>	30
3.1.1 Introduction	30
3.1.2 Bibliography	30
Natural Calendars all over the World: All Skies Encyclopaedia	
<i>Susanne M. Hoffmann (Germany), Wayne Horowitz, David Hilder, & Euin Cho Kim (Jerusalem, Israel) & Gennady E. Kurtik (Moscow, Russia)</i>	31
3.2.1 Introduction	31
3.2.2 Bibliography	31
The Celestial Mirror of Madurai – An Interdisciplinary Exploration of the Pashupati Seal, Orion’s Constellations, and Tamil Nadu’s Sacred Landscape	
<i>Chandrashekar Bhupasandra Ugranarsimhaiah (Bengaluru, Karnataka, India)</i>	32
3.3.1 Introduction	32
3.3.2 Bibliography	32
Revisiting the Lunar Series on the Tikal Ballgame Marker – a new Hypothesis	
<i>Stanisław Iwaniszewski (Mexico City, Mexico)</i>	33
3.4.1 Introduction	33

3.4.2	Bibliography	33
The role of historical sources and digital repositories in Cultural Astronomy studies: a case study		
	<i>Walmir Thomazi Cardoso & Janecleide Moura de Aguiar (Rio de Janeiro, Brazil)</i>	34
3.5.1	Introduction	34
3.5.2	Bibliography	34
Water Clock and Sundials from the Reign of King Sejong (1397–1450) of the Joseon Dynasty		
	<i>Yang Hyun Choi (Hamburg, Germany & Korea)</i>	35
3.6.1	Introduction	35
3.6.2	Bibliography	35
Kosmos in Stein: Archäoastronomische Aspekte des Anantalingeśvara Mahādeva Tempels in Nepal		
	<i>Perry Lange (Hamburg & Kiel, Germany)</i>	36
3.7.1	Introduction	36
3.7.2	Bibliography	36
4	Medieval and Renaissance Culture	37
The Three Gifts of a Charioteer		
	<i>Patrick McCafferty (Chemnitz, Germany & Belfast, UK)</i>	38
4.1.1	Introduction	38
4.1.2	Bibliography	38
Where East meets West: A preliminary analysis of the orientation of historical churches in Romania		
	<i>Maitane Urrutia-Aparicio (La Orotava, Tenerife, Spain) & Marc Frîncu (Timisoara, Romania)</i>	39
4.2.1	Introduction	39
4.2.2	Bibliography	39
Are any Byzantine churches in Cyprus converted mosques? An archaeoastronomical approach		
	<i>Themis G. Dallas (Volos, Thessaly, Greece) & Maitane Urrutia-Aparicio (La Orotava, Tenerife, Spain)</i>	40
4.3.1	Introduction	40
4.3.2	Bibliography	40
Further Thoughts on the Accuracy of Online Tools from Sardinia		
	<i>Mauro Peppino Zedda (Sardinia, Italy) & Themis G. Dallas (Volos, Thessaly, Greece)</i>	41
4.4.1	Introduction	41
4.4.2	Bibliography	41
Astronomy, Defense, and Faith: The Astronomical Alignment of Catholic Churches in the Historic Center of Rio de Janeiro		
	<i>Thiago Siqueira dos Reis da Silva & Walmir Thomazi Cardoso (Rio de Janeiro, Brazil) & Sixto Ramón Giménez Benítez (La Plata, Argentina)</i>	42
4.5.1	Introduction	42
4.5.2	Bibliography	42
Geometric Analysis and Advanced Surveying Techniques in the Study of Early Christian Starry Skies		
	<i>Manuela Incerti (Ferrara, Italy)</i>	43
4.6.1	Introduction	43
4.6.2	Bibliography	43
Astronomical Clocks and Gottorf Globe – Astronomical Heritage in the Baltic		
	<i>Gudrun Wolfschmidt (Hamburg, Germany)</i>	44
4.7.1	Introduction	44
4.7.2	Astronomical Clocks – General Remarks	46
4.7.3	Upper and Lower Disc of the Hanseatic Astronomical Clocks	46
4.7.4	Hanseatic Astronomical Clock Lübeck	48

4.7.5	Hanseatic Astronomical Clocks along the Baltic Sea coast	50
4.7.6	Astrology and Astronomical Clocks	52
4.7.7	Master Clockmakers of the Hanseatic Clocks	52
4.7.8	From the Sages of the World to the Evangelists – The Transformation during the Protestant Reformation	53
4.7.9	Gottorf Globe (1650–1664) in Schleswig Castle	53
4.7.10	Conclusion	56
4.7.11	Bibliography	57
The planets on the old astronomical clock in Münster		
	<i>Burkard Steinrücken (Recklinghausen, Germany)</i>	59
4.8.1	Introduction	59
4.8.2	Bibliography	59
Aby Warburgs Image Collection on the History of Astrology and Astronomy		
	<i>Axel Voss (Hamburg, Germany)</i>	60
4.9.1	Introduction	60
4.9.2	Bibliography	60
 5 Cultural Astronomy in Early Modern Time		
until today		61
Peter Apian – a pioneer in astronomical and geographical instrumentation		
	<i>Sonja Draxler & Max E. Lippitsch (Graz, Austria)</i>	62
5.1.1	Introduction	62
5.1.2	Bibliography	62
The evolution of Schickard’s Astroscopium through three generations		
	<i>Doris Vickers (Vienna, Austria)</i>	63
5.2.1	Introduction	63
5.2.2	Bibliography	63
Research on James Cook’s On-Board Toolkit for Astronavigation		
	<i>Anna Paule (Linz, Austria)</i>	64
5.3.1	Introduction	64
5.3.2	Bibliography	64
Giovanni Domenico Cassini and the Celestial Novelties: the Resilience of Astral Divination		
	<i>Giorgio Gandolfi (Rome, Italy)</i>	65
5.4.1	Introduction	65
5.4.2	Bibliography	65
Starry Sky with Zodiac in the Hamburg Planetarium, a Ceiling Painting (1930)		
	<i>Rüdiger Joppien (Hamburg, Germany)</i>	66
5.5.1	Introduction	66
5.5.2	Bibliography	66
Lübeck Maritime Observatory		
	<i>Björn Kunzmann (Hamburg, Germany)</i>	67
5.6.1	Introduction	67
5.6.2	Bibliography	67
Historical Eclipse Records and Earth Rotation Variability		
	<i>Andreas Fuls (Berlin, Germany)</i>	68
5.7.1	Introduction	68

5.7.2	Bibliography	68
Creation of photo-based landscapes for Stellarium		
	<i>Georg Zotti (Vienna, Austria)</i>	69
5.8.1	Introduction	69
5.8.2	Bibliography	69
6	Appendix	71
6.1	Authors of the Proceedings of the 32 th SEAC Conference in Hamburg 2025	72
6.3	Programme of the 32 th SEAC Conference in Hamburg 2025 – <i>Timekeeping, Navigation, Surveying</i> – <i>Cultural Astronomy and Instruments</i>	79
6.4	Hamburg, Geomatikum, Monday, August 25, 2025	80
6.4.1	Session 1: Stone Age until the Eneolithic	80
6.5	Hamburg, Geomatikum, Tuesday, August 26, 2025	82
6.5.1	Session 2: Ancient Cultures – From Egypt to the Romans	82
6.6	Hamburg Observatory, Wednesday, August 27, 2025	85
6.6.1	Session 3: Medieval and Renaissance Culture	85
